Dr. Bhimrao Ambedkar was a great social reformer,jurist,economist,politicians and philosopher.He suffered a lot due to being an untouchable.He fought against it throughout his life .He was the first Law minister of independent India.He was one of the important persons behind the writing of the Indian constitution and hence he is called the Father of Indian constitution.Dr.B.R.Ambedkar's life and thoughts still inspire millions of people.

WORLD EARTH DAY

Date:22/04/2022

World earth day programme has been conducted by NSS UNIT Co-ordinate N Hari Lecturer in mathematics under the chairmanship of Principal. Sri K. Venkateshwarulu.

All the teaching staff members and students has participated in the programme on the acation of this programme Principal Sri K.Venkateshwarulu delivered massage that Earth is our mother planet. It offered air Shelter, food and water for survival of life. Earth is the only planet that has an atmosphere in the entire solar system. Earth atmosphere sustains life and protects it from harmful rays. But different actions such as deforestation, waterpollution,airpollutions done by the humans destroy its balance. So being responsible inhabitants of this planet ,we must take some measures to reverse the damage caused to our planet. Taking this into thought ,each year, April 22second is Celebrated as earth day .This day is to educate and alert people about the urge to save our planet. It is to rase the awareness and importance of environmental issues such as polluting, greenhouse gas, climate condition and global warming .World earth day inspheres millions of people around the world to share ideas about environmental issues. We should take combine effort to make the world a better place to live.
