FIELD VISIT

Field Visit to BHEL, Ramachandrapuram

Department of Mathematics and Physics have organised a field visit to BHEL Ramachandrapuram on 16/2/2022 ~~at~~ along with the students of 1st semester. It is the Heavy Electrical Equipment Plant (HEEP).

The Telangana State Power Generation Corporation Limited (TSGENCO) has awarded BHEL with an EPC (Engineering, Procurement and construction) order for setting up a 4×270 MW thermal power plant in the state valued over Rs. 50,000 million. BHEL has ~~been~~ played an important role for the newly formed Telangana state in its power generation scheme. It is a major engineering and manufacturing company and one of the world's largest vendors of power generation equipment.

BHEL has been providing sustainable business solutions in the fields of energy, industry and infrastructure.

Student Opinion.

In my Opinion BHEL (Bharat Heavy Electricals limited) is greenery and lush green campus. Our field visit get to know us it is spread over an area of around 16km² and provides facilities like, parks, Community hall, Sports Complex, grounds, library, Shopping Centers, banks, and post offices. Free health Services are extended to all the employees and their dependents through BHEL run hospital. In conclusion, despite the ample source of information from books, movies and the internet. People need to travel around some where.
