Field work observation Abstract.

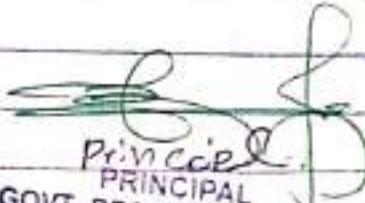

The Department of History Organised a field work visiting Jogulamba Temple Abanpur for BA. (H.E.P) final year students on 04-01-2022 for the purpose of getting practical understanding of historical places.

As part of field work, the Department of History, along with Student visited Jogulamba Bela Ghormekwara Temple. Students were to observe historical significance of the temple.

The following observation made by students

- * The Temple was built by Badami Chalukya vinyasika in 7th century AD. at Abanpur.
- * The temple was built in Vesara style architecture.
- * The Jogulamba is one of the 16th shashthi peetas in India over 5th shashthi peeta.
- * The temple is built by Red sandal stone.
- * The temple is called Navabrahma as per the nine temples.
