Institution's Innovative/Best Practices

- Title of the Practice** : **Extension/Collaborative Service**
- Context of the Practice** : The College being a 100 year old institution with a rich academic legacy, various government institutions request the extension service of the faculty and students for their in house trainings/voluntary service. Hence the college is extending its services under **Extension/Collaborative Service**
- Objectives of the Practice** :
 - **Faculty** to extend service to give free coaching for PG Entrance Examinations
 - **Faculty** to extend services for in house trainings under outreach
 - **Faculty** to extend teaching services in the newly established colleges
 - **NSS Volunteers and NCC cadets** extend voluntary services outside the campus
- The Practice** : The services of the teaching faculty have been extended to the students admitted in the newly established Government Degree Colleges at Maheshwaram and Rajendra Nagar.

The services of the teaching faculty have been extended for the in house trainings as Resource Persons by the Road Transport Corporation of the State Government at Rajendra Nagar, Falak Numa and Farooq Nagar Depots.

The voluntary services of the NSS volunteers and NCC Cadets have been extended during Hyderabad National Book Fair in December 2021 and during the conduct of Jignasa-Student Study Project State Level Presentations during April 2022.
- Advantages** : The practice has created a rapport with the other govt. institutions. The faculty identified for the programme has enriched their knowledge on the interactions with the employees during the training programmes. Students received appreciation for the extension of services.
- Challenges** : Though the practice generated interest in the faculty, sometimes they found it difficult to manage the time schedules.

But the faculties are motivated by the concerned HoDs to complete the task without any disturbance to their academic time tables.

7. **Evidence of Success** : More than 340 employees have been trained in two phases in the Road Transport Corporation. The practice is successful. The services of faculty and NSS/NCC volunteers have been appreciated.

S.No.	Department	Programme
1.	Chemistry	IIT JAM online Coaching, KDC Warangal
