GREEN CAMPUS INITIATIVES

QR CODING OF PLANTS IN THE ACADEMIC YEAR 2021-2022

The program of tagging QR codes to the plants in the college premises with the help of the students was organized by the Department of Botany on 30-07-2021. Anyone with a smartphone can download a QR code scanning app, scan the code and see the scientific name, family, conservation status etc., of the plant. We have created QR code labels and placed them on the plants to get access to more information.
