FEEDBACK ANALYSIS REPORT: 2021-2022

The feedback form of students collected on teaching learning process, in order to improve the much more space for the development of the institution in the process of extending better educational services to the rural academic students for better in the global position.

1. In 20 attributes were given to the students for marking their opinions on teaching learning to fill up the feedback forms.
2. 95% of the students have stated very clearly that 95% syllabus coverage was done by the faculty in most of the subjects.
3. 90% of the students have stated that the teaching, teaching methods, motivation to higher education and career guidance by conducting various curricular and co-curricular are rated excellent.
4. Regarding the conduction of extracurricular, NSS activities and cultural activities is rated well by 80% of the students and rest mentioned as very good.
5. Teacher student relation 80% of students have mentioned very good and 20% rated very good overall performance of the teacher in extending their services is very good.

ACTION TAKEN REPORT ON FEEDBACK FOR 2021-2022

The college has formal mechanism for obtaining feedback from the students on the teaching learning process. After going through the analysis made in respect of the teaching learning process based on the student satisfaction survey.

1. In spite of students rating as very good and excellent for the teaching learning process, the teaching faculty appreciation from the students and they are motivated to maintain the same tempo and improve for betterment of the students.
2. Scrupulous monitoring is to increase in conducting the internal examination as per the scheduled and preparing students for the University exams in order to improve high pass percentage of the college.
3. Majority of the students have expressed their complete satisfaction by rating good for the depth of the content of the subject on faculty.
4. Students are allowed to spend more time only in the college campus in order to avail the services of the teaching faculty.

However it is also noticed rating very good and good for to certain attributes in respect of class room models methods of teaching and certain infrastructure facilities. Relevant steps have been taken by motivating the faculty and improving infrastructure facilities to rise to the higher levels.
