GLOBAL WARMING  
&  
CLIMATE CHANGE

Resource person: KVSS Raju

External Faculty

Petroleum Conservation Research Association, Hyd

An invited talk was organized by the Department of Biotechnology in collaboration with Petroleum Conservation Research Association, Hyderabad on the topic “**Global Warming and Climate change**” on 22.10.2021 by inviting Mr. **KVSS Narayana Raju**, Senior faculty Petroleum Conservation Research Association (PCRA), Hyderabad in the Computer Lab at 11.00 am. About 75 girl students and faculty members of various department attended the program.

The session started with the introductory speech by D. Annapurna, Head and Convenor of the program, she emphasized on the importance of creating awareness among the youth about the drastic effects of global warming and climate change. She stated that human activities are the major cause of the climate change. Later on, she introduced the resource person KVSS Narayana Raju to the participants by reading out his profile in brief.

In his talk, he pointed out that the climate change is an alarming global issue and has become a great threat to the Mother Nature. The lecture mainly focused on the following

Global Warming causes and Climate change

Green houses gases and its impact

Raising youth on Climate crisis

Interaction between climate change, people and nature

Climate change patterns in the world.

Climate emergency and climate mitigation.

All the above points were discussed in detailed in this talk. He expressed that; the future youth will come up with the solutions related to the climate change.

The session was very interesting and informative. There was an overwhelming response from the participants. They interacted with the resource person enthusiastically and asked few queries after the lecture. Mr. KVSS Raju, addressed the students patiently in a student friendly approach. Immediately after the talk, a short film was screened on the “Effects of Global warming” which lasted for about 15 mins. The session concluded, by proposing the vote of thanks by K Sugunavathi, Convenor Eco club of the College.
