4. **Explain the term**

Explain the term 'Explain the term' and its meaning.

The term 'Explain the term' is used to describe a process or a concept. It involves providing a clear and concise definition of the term, along with its meaning and significance. This is often done in a formal or academic context, such as in a textbook or a research paper. The goal is to help the reader understand the term and its application in various contexts.

The teacher introduces the project to the students and explains the objectives and the importance of the project.

2. **Activity 2: Field Visit to the Park**
The students are taken to a nearby park to observe the environment and collect samples for the project.

3. **Activity 3: Data Collection and Analysis**
The students collect data on the number of people using the path and the time taken to walk along it.

4. **Activity 4: Presentation of Results**
The students present their findings to the class and discuss the implications of their data.
