STATISTICS DEPARTMENT : BEST PRACTICES 2021-2022

STATISTICAL SUPPORT TO NON STATISTICS STUDENTS BY THE DEPARTMENT OF STATISTICS TOGET AWARENESS ON SIMPLE STATISTICAL TOOLS:

Objectives:

- 1. To train the students to understand with experiential learning and practical approach.**
- 2. To enhance skills of the students to be able to apply their knowledge to face and resolve real time challenges**

Introduction:

Now-a-days, cracking selection process for job in any organization involves good performance in personal interview. Many aspects of the candidate are tested in this round. Some of which are confidence and self presentation. Also, articulation of perceived ideas by the candidate is under observation. The students admitted to the department are from the rural background and face difficulties in these aspects. To overcome this issue, we organize classes for students to know basic tools to non statistical students.

Procedure:

A schedule is displayed well in advance so that students to know. Usually, students are asked to choose topics pertaining to a single theme. This facilitates understanding of a new concept in whole. PowerPoint slides are compulsory for presentation. classes of all students studying in the same semester are conducted on a single day

Evidence of success:

- Boost in confidence and better articulation of ideas by students in front of learned crowd.

Problems:

We have not encountered any serious problems/issues:
