Teachers should give the opportunity to students for seminar classes.

good

Teachers should give the opportunity to students for seminar classes

Teachers should give opportunity to play outdoor games and arrange some competition

Not mandatory

The conventional teaching methods are nowadays not at all sufficient for the millennials and GenZ's. It would be better to adopt new methods of teaching associated with new technology and resources. The classroom infrastructure and College premises are also very poor and unhygienic.

The teachers themselves are not well equipped with English and often the students of both Telugu & English mediums are clubbed together which is not at all acceptable.

Nice teaching

It would be better if they would give us opportunity to play out door games

Need to more focus on students studies
