Department of Computer Science & Applications has conducted a **Quiz Competition** on 04-10-2023 to encourage the student's participation in Quizzes.

This Quiz is conducted for the students of MPC and MPCS students; among these we have divided the students in three different groups as Group-A, Group-B and Group-C.

Quiz Questioner has two rounds subject oriented and general knowledge oriented questions and we assign one (1) mark for correct answered question. After completion of Quiz winners are declared based on high score.

A quiz is a good way for a pupil to identify and take ownership of their knowledge gaps. It's also a great way to help them to plug the gaps to boost their confidence when it comes to formal testing. quizzes are also a great way to reinforce learning for pupils throughout a unit of work

After completion of this Quiz Competition the students of Group-B are declared as winners.
