Though there are many professions in our India, most of the people are choosing either Engineering or Medicine. But, there is an another professional course called Company Secretary. It has the ability to work with governmental and private organizations, financial institutions and Banks. It is a highly respectable job in India with legal responsibility. These Company Secretaries are the pillar of Internal affairs of the company. CS professionals have a bright future in the field of Commerce and Accounting.

C. Madhuri

210330064051014

We the students of B.Com final year have attended the orientation program on awareness of Company Secretary for our Career. The program gave us lots of information on Company Secretary Course. Basic qualifications required for taking admission into CS Course are very well explained by CS. Gupta from ICSI HYD.

Being final year students we need such awareness programs which are made possible only in our College without paying any amount. This particular program helped us to think about our Career. But there is an professional course called Company Secretary. We are very thankful to our Commerce dept. and we have a bright future in the field of Commerce and accounting.
