

Best Practices of Govt. Degree College for Women, Wanaparthi 2022-23

Mentor – Mentee System

1. Objective of the Practice: To enhance rapport between teacher and student
2. Need Addressed and the Context: Students undergo various problems of stress. Considering the student-teacher ratio in classrooms, it is impossible at times to give personal attention to students in class. One solution therefore is a ‘Mentor’ who can form the bond with students in the true sense. Mentoring is required for students to achieve emotional stability and to promote clarity in thinking and decision making for overall progress.
3. The Practice: The practice is that of creating an efficient mentor-mentee system. Each teacher is assigned a section of students. They meet at least once a week to discuss, clarify and primarily to share various problems which may be personal, domestic, academic, etc. and the aspirations/ goals of the students. The teacher collects the data and relevant information of the mentees assigned to him and makes a rapport with them. The teacher guide the mentees in fine tuning their career oriented aspirations/ targets and frame a road map to fulfill their dreams.
4. Evidence of Success: It is needless to say that a mentor gets the job satisfaction. Evidence of success of the practice includes better results in the examinations, more regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students.
5. Resources: Committed teaching staff of the college who have the compassion to guide the students in shaping their future.
