To
The Principal,

Sub: Awareness Programme on Intellectual Property Rights (IPR) under National Intellectual Property Awareness Mission (NIPAM) – Invitation – Reg.

Madam/ Sir,

The Office of Controller General of Patents, Designs and Trade Marks hereby invites your esteemed institution to participate in the National Intellectual Property Awareness Mission (NIPAM) by organizing an Awareness Program on Intellectual Property Rights (IPR) for the students of your college on the occasion of 75th Anniversary of our Nation's Independence under the banner of Azadi ka Amrit Mahotsav. The Government of India has started this mission under which awareness on Intellectual Property Rights (IPR) would be imparted to one million students during the period from 15 August 2021 to 15 August 2022.

Intellectual Property Rights are exclusive rights granted in the form of Patents, designs, Trademarks and Geographical indications. India's position in the global innovation index has peaked at 48th rank in 2020 when compared to 81st in 2015-16. This awareness program would expose the students to various types of IPR which will in turn ignite their intellectual thoughts thereby motivating them to innovate and further transform their innovative ideas into Intellectual Property assets. The College would also benefit from IPR awareness by marching ahead in the overall national ranking.

The program is conceptualized in the following format: -

- Resource Person : Officer (Group 'A' Gazette) of Patent Office
- Mode of seminar/program : Offline (at the institution) or Online (webinars)
- Duration of the program : 30-40 minutes
- Certification : Certificates by Govt. of India shall be issued to all the Participants & Letter of Appreciation shall be awarded to the Institution

The seminar will be conducted at free-of-cost basis. You are requested to provide the contact details of the authorized person of your institution and a convenient date & time for conducting the seminar to the following official:

Name & Designation : Shri Dasari Ayodhya, Examiner of Patents & Designs
Contact No. : 9010877323
Email ID : ayodhyadasari.ipo@gov.in , nipam-chennai@gov.in

Your co-operation is highly solicited in this regard

Yours sincerely,

(K. Varaprasad)
Assistant Controller of Patents & Designs

About PMMMNMTT

Pandit Madan Mohan Malaviya 05-02-2023 National Mission on Teachers and Teaching About (PMMMNMTT) was introduced by the Ministry of Human Resource Development (MHRD), Government of India. The aim of this scheme is to improve quality of school and higher education which extensively addresses all issues relating to teachers, teaching, teacher preparation, and professional development. This centre aids in the development of teachers for the modern era. Throughout the nation, numerous centres including TLC, FDC, School of Education, etc. have opened.

About GAD-TLC

Guru Angad Dev Teaching Learning Centre (GAD-TLC), SGTB Khalsa College, University of Delhi was inaugurated on 1st July, 2016 by Union HRD minister Smt. Smriti Zubin Irani. GAD-TLC is a leading Centre of Ministry of Education, Govt. of India under PMMMNMTT. This centre empowers through various basic and advanced workshops for teachers in pedagogy (virtual & blended) and ICT skills. MHRD has also selected GAD-TLC as the National Resource Centre (NRC) of Chemistry in 2018. In addition to pedagogy, curriculum creation, and subject-specific topics, GAD-TLC offers training programmes for teachers at different levels of ICT proficiency, from basic level to management of MOOCs (Massive Open Online Courses). Since 2016, it has trained more than 70,000 teachers in the areas of e-Learning, Blended Learning Pedagogies, ICT Tools and Educational Technologies, etc.

About GDCW, Nalgonda

Govt. Degree College for Women, Nalgonda began in 1977 with Commerce and Arts as its first programs. Science courses were started with combinations of BZC and MPC groups from the academic year 1988-89. The college was accredited by NAAC with A grade in 2022. The institution is affiliated to Mahatma Gandhi University, Nalgonda. It has been offering all the courses in accordance with the Choice Based Credit System (CBCS) from the academic year 2016-17. The vision of the college is to encourage, educate and empower the young women through dissemination of knowledge. The institution is committed to encourage the students to realize their innate potential through effective dissemination of knowledge to attain excellence in the fields of their interest, to educate the students to transform themselves into globally competitive human beings with required knowledge, skills and values; to empower them through quality education to face the challenges in their life and make them employable for the future needs of the society.

About Chemistry Department

Department of chemistry, GDCW, Nalgonda was established in 1988. At present the department has seven (7) regular faculties. The department strives to impart theoretical and Practical knowledge to the students and to inculcate scientific temper among the students. It facilitates employability skills to the students to get good positions in Academic Field, Industry, Private and Public Sectors. The department encourages students towards research, allotting them project works based on local and regional needs.

About Workshop

Science education can play an important role in directing the research for sustainable development. Behind the positive results of chemical research, there is a negative result of environmental pollution through science laboratories. There is an increased water and air pollution due to excessive use of chemicals, toxic fumes and wastage of chemicals, leading to environmental pollution. Hence greener approaches are to be adopted to minimize the waste. Lab safety is one of the very important aspect of science without it experimentation could result in serious accidents and injuries which again lead to chemical pollution. So Lab safety is to be ensured. A pollution-free environment, increased cost of setting up and maintaining laboratory, and handling of chemical wastes from laboratories are the present day concerns. Designing and developing an alternative safer and greener way of experimentation has to be addressed. Safer and Greener approaches go side by side in order to minimize pollution and maximize efficacy on human health and environment. The theme of our workshop is:

- ✦ To develop and to implement safer and greener approaches in labs of institutions and schools.
- ✦ To reduce the usage of chemicals in labs.
- ✦ To promote Green aspects of chemistry labs.
- ✦ To promote Lab safety aspects in laboratories.
- ✦ To demonstrate few innovative green experiments of Intermediate, UG and PG Curriculum.
- ✦ To develop the collaboration between the higher education institutions and schools in laboratories in terms sharing of resources.
- ✦ To recognize the environmental and sustainability issues.

Other side of the brochure (Page 2)

The workshop brochure was released on 24th February 2023 from the hands of Dr. Ghanshyam Principal of GDCW, Nalgonda. The brochure is passed in various WhatsApp groups for the registrations.
