FIELD TRIP 2022-23**

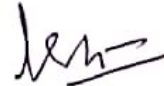

Summary Report of the Field Visit:

Department of Botany, in order to impart experiential knowledge in the students has conducted a field trip to Krishivignanam Kendram. Our students were explained the new techniques introduced in agricultural process. Techniques for growing ridged guards along with marigold, use of sprinklers for misuse and overuse of water, organic farming methods, honey bee rearing etc were very well explained.

Students learned a lot from this field visit. Through this visit they also learned self-employment skills.
