II. A BRIEF REPORT

The department of Commerce organized a field visit for Commerce students to the Anu Sri Ice-Cream Manufacturers factory located in Devarakonda on 31 May 2022.

A total of 6 faculty members and 35 students participated in the field trip. Ms. S. Sarada Devi, Assistant Professor of Commerce, organized the trip. Faculty members - Mr. N. Bala, Assistant professor of Commerce, Mr. Lingamaiah, Lecturer in Economics, Mr. B. Suresh Kumar, GF in Computer Science, Ms. Renuka, Lecturer in History accompanied the students in the trip. The students and faculty were shown the different stages of the ice-cream manufacturing process and the various equipment used in the manufacturing of the product.

The machine used to blend the Ice Cream Mixture, then the pasteurization process, the homogenizing method, aging the mix, adding of liquid flavours and colors, the process of freezing, adding of solid flavourings like fruits and nuts, packaging and finally hardening were also demonstrated live.

The students and staff posed various queries to which the manager responded. The faculty and students thanked the factory managers for permitting this educational field visit. The students expressed their gratitude for exposing them to real life industry experience. The event concluded with the HoD, Department of Commerce, Ms. S. Sarada Devi proposing a vote of thanks.

FIELD TRIP

MKR GOVERNMENT DEGREE COLLEGE, DEVARAKONDA

FIELD TRIP REPORT ON ENVIRONMENTAL STUDIES

MKR Government Degree College, Devarakonda conducted field trip on 20/12/2022 with all first year students along with Department of Physical Science and Department of life science & along with NSS Units and other faculty members visited Devarakonda Pond and observed the .

Purpose of the study

The aim of this study is to examine students field trip as a way of thinking and identifying various aspects and features that are relevant in environmental studies of plants and animals and also architecture The aim can be achieved by the following objectives;

- i. To identify the attributes of a good or clean environment and the various forms of interaction between different components/settlements.
- ii. To identify the most common physical environmental adaptations such water and drought etc.
- iii. To understand the greeneries along with large areas and it offers fantastic views of the entire Devarakonda town.
- iv. **Statement of the problems**

Most undergraduate students in the nations higher institutions of learning over the years of their studentship do not have a practical knowledge of

their physical environment and therefore have little or no idea about the practical requirements in their various fields of environmental studies. This lacuna or deficiency has greatly contributed to the difficulties encountered by students during their study.

We showing the plants of Brahmma jemudu and nagajemudu and their uses to the students

Conclusion

Our field trip lasted for three hours and a half, so it ended at 4.30 PM. It was successful because all students learned the required first hand information on plants and animals and their adaptations to the environment. Moreover, that trip taught us to value life and be active, trying to change the world for the better.
