REPORT ON NATIONAL SCIENCE DAY CELEBRATION 2023

Department	Physics
Date	28-02-2023
Title	National Science Exhibition 28th Feb 2023
Resource Person	Prof.P.Bala Bhaskar principal, Dr.Viplav Duth Sukla Asst.Professor of chemistry
Summary	<p>The Department of Physics successfully conducted the Science exhibition on the occasion of National Science Day Feb 28, 2023. Many Students participated from various Departments of the College. The judges suggested that it is an initiation to conduct this kind of program which would help to encourage students to work and come up with innovative ideas. They also suggested that it is good to invite state-wise colleges to participate in a Science exhibition that encourages the students to interact with all students across Telangana. We are all very happy to see students from all science departments and students have presented in a great manner and interacted with all faculty and students of the college. Hence, with this experience, we are going to conduct a state-level science exhibition every year on the occasion of National Science Day. Thank you to Dr.Parvathalu Kalakonda Asst.Professor of Physics for providing cash awards in memory of his father.</p>
