FIELD TRIP

REPORT

OBJECTIVES :

- To gain knowledge away from class room
- To reinforce experimental and contextual learning
- Improving learning in the class room by creating links to the real world

REPORT

We students and I left the college in the morning and reached "Krishi Vignana Kendra" at Bellampally. We had taken permission talking on the phone the day before. They assigned a person to us to show and explain Everything at there.

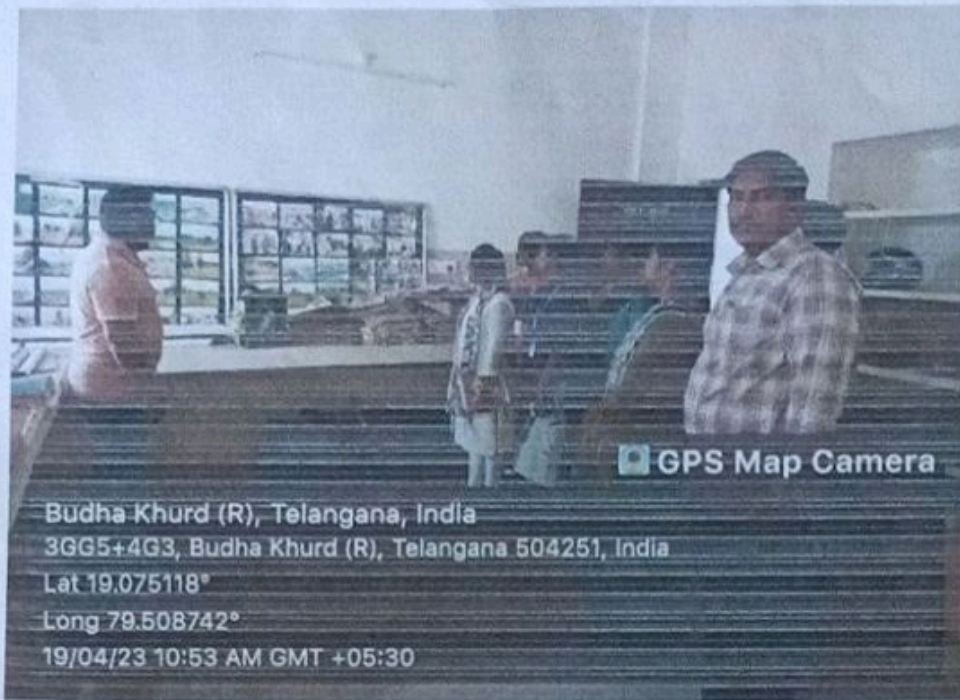

They explained the students if the farmers bring soil from different corners of there fields, they test it and tell what percentage of elements it contains and explain the farmers in detail which crops will grow in it. The farmers follow their advice and they got higher yields and benfit in this way.

The scientists at Krishi Vignana Kendra are relentlessly experimenting to create new breakthroughs and planting them of adjacent fields of Kendra and observe how they growing, if they were found fruitful then scientists suggest to farmers.
