

TALKS

OBJECTIVES :

- To allow students to formulate their thoughts, communicate their ideas and reflect upon their learning.
 - To gain attention and preview the points of speech.
 - To develop students ability to speak fluently and interactively.
 - To get rid of stage fear in students.
-
- What is a talk or student talk ?
Talk is a strategy for thinking through ideas and communicating them to others.

Procedure :

Initially, a student is called to the stage and given a topic and asked to speak. The first student is asked to speak on the topic of pollution and he spoke eloquently. When the student who came later was given another topic and asked her to speak, she also spoke without hesitation.
