(Internal Quality Assurance Cell) 2022-23

IQAC ACTION PLAN & SIGNIFICANT CONTRIBUTIONS 2022-23

- TO organize training sessions to faculty members for conduction of online classes & evaluations.
- To Encourage faculty members to Organize online international and national seminars/conferences/workshops/short term courses.
- To Encourage teachers to attend online FDP/Workshop/Webinars
- To Conducted bridge courses and orientation programs to support ,newly admitted students in their transition to university life and provide them with the necessary skills and knowledge for a successful academic journey.
- IQAC motivated individual faculty members to create professional profiles using Google sites, allowing them to showcase their expertise, research interests, and academic achievements.

ATR

- ✦ To facilitate online teaching, the IQAC organized training sessions for staff members on conducting online classes using platforms such as Zoom and Google Meet. These sessions aimed to equip the staff with the necessary skills and knowledge to effectively engage with students in a virtual learning environment.

Accomplished.

✦ To promote professional development, the IQAC implemented initiatives to encourage an increased number of staff members to sign up for Massive Open Online Courses (MOOCs). These initiatives aimed to enhance the knowledge and skills of the staff by providing them with access to a wide range of online courses in various disciplines. Registered.

✦ The IQAC organized training sessions to equip teachers with the necessary skills to conduct online evaluations using platforms such as Moodle, Google Forms etc. Accomplished.

✦ To create individual faculty profiles using Google scholar and MS portal - Under Process

✦ To conduct academic and administrative audit by AAA Cell - Under Process.

✦ To attend more FDPs/Workshops/webinars online - Accomplished.

7.3.1 - Institutional Distinctiveness

The vision and mission of the college is to provide quality, affordable, holistic and inclusive education to all the students admitted to different courses. The college aspires to continue as a center of excellence in education and research and consolidate our position as a reputed institution of higher learning. It aspires to train the young minds to think, be creative and contribute to the development of community through extracurricular and extension activities.

Some of the distinctive features of the College are listed below:

Being one of the constituent colleges affiliated to Kakatiya University, the institution follows the annual Almanac prescribed by the university. In the beginning of academic year bridge courses are conducted in all programmes for slow learners to make them ready to adapt to programme on par with the other students. Remedial Teaching for failed students is conducted to clear their failed papers. Career Guidance is conducting awareness programmes on various competitive examinations. English Language Lab is teaching the required communicative skills to make them employable in the market after their graduation.

The institution has identified and provides the necessary assistance for the students who participate in different sports and games and make them to participate at college and university level. Students are encouraged to spread awareness on societal problems on various occasions by interacting with people.

Thrust Areas:

The thrust of the Institution is offering the best quality education as mentioned in the 'Vision' and 'Mission' the Institution is taking every care to educate and empower the women students, who belong to the marginalized and first generation families as 21st century individuals with values for a holistic personality.

The college has been catering to their needs - to educate them for better life, and to empower them with employability skills for independent living. Catering to diversity of the educational needs and feedback from surrounding villages, the Institution makes a constant effort to provide value based education to the students in an educationally backward area. Most of the parents are uneducated and there is dire need of serious responsibility on the Institution to curb these negative traits and to motivate the students towards obtaining a successful career.

The college focuses on learner autonomy and self-sustainability. Hence the college lays emphasis on the flexibility of curriculum and student-centered teaching methods to give them problem-solving skills, participative learning and experiential learning.
