Play-based and activity-based teaching in Early childhood Care & Education (ECCE) for school readiness

85% of a child's brain develops before the age of 6

Benefits of Exposure to Quality ECCE

- Children less likely to dropout of schools
- Reduction in behavioral issues throughout school journey
- Improvement in the social skills of the children
- Improved enrollments in school
- More likely to complete secondary education
- Better learning outcomes in later grades
- Larger attention span and overall better retention of information
