Introduction:-

Pedda Chintakunta Village Mandal Narasapur District Medak In this village a person named Kavitha in works as a CA for women's groups i.e. Dakara groups. She works for the development of women and analyzes the savings. Every month Hima helps the women to increase their savings, to put the money they all have together and to give loans to grant loans to the needy. The Sanghas are available in this village for more than 20 years which has grown from five Sanghas in the beginning to 33 Sanghas by 2022 but each Sangha has 10 to 15 members.

TITLE : SELF HELP GROUPS

Aim:

All the women living in the village continue to live together. All the people in the village are living in brotherhood. Their main objective is to earn income and survive without depending on other members of the family. It means that achieving financial stability can be said to be their main feature, their main intention is that you should continue living without depending on other members of the family

OBJECTIVES:

The TV importance of wealth and analyze the importance of money in the society to other family members and their children In this group, the main objectives of these are to move ahead by doing business without being financially backward and we have the opportunity to think in a way that we can earn by ourselves without counting the inheritance like shelter, because of which women also have the opportunity to earn as much income as possible even if they don't have any job. Because of this women also know

There are total 33 groups this village
