R.C.No: GDC/MNGR/A/45/2017-18 DATED: 2/11/2017

Sir,

SUB: GDC,Manuguru- purchase of R.O water plant from M/S Engineering Solutions corporation, Visakhapatnam-request for permission-Reg

REF: Your office proceedings with letter No: 110/SA/PLG/CBF/2016-2 Dated: 26/10/2017 sanctioning the amount Rs.1,95,000/- towards RO water plant.

@@@

We are immensely grateful to you for your prompt response to our representation for the sanction of one unit R.O water plant for Govt. Degree College, Manuguru to meet the acute need of drinking water vide reference cited. In this regard we have received a demand draft worth Rs.1,95,000/- (Rupees one lakh ninety five thousand only) towards the purchase of R.O water plant. It is learnt that M/S Engineering solutions corporation, Visakhapatnam is the only firm supplying RO water plants to institutions in this area with good service assurance.

Hence, I appeal you to accord me your permission to purchase the RO water plant from the mentioned firm.

Thanking you sir,

30th October 2017

To
The Principal,
GDC, Manuguru,
Bhadradi Kothagudem District,
Telangana State..

Respected Sir,

SUB: Proposal for installing RO based drinking water treatment plant to the Government Degree College, Manuguru, Bhadradi DistrictReg.

REF: As per the discussions we had with your good self

><><><

At the outset, we thank are very much thankful to you for the initiation of installation of RO based pure drinking water plants to the Government Degree College, Manuguru, Bhadradi District in the Telangana State for providing safe drinking water to the students and staff.

As water is an integral part of human being survival and it gives a variety of adverse physiological effects if consumed in the raw form consistently. Consumption of safe and clean drinking water will certainly keep the human beings away from, seasonal and long term water borne diseases. The leaching of pesticides used for cultivation also contributes to a great degree for the ground water contamination. Due to this, even the high vegetation areas are not immune from being contaminated. As most of diseases are water borne, paramount importance is given your good self for treatment of ground water.

In this context, we are once again introducing ourselves as M/s **Engineering Solutions Corporation**, Visakhapatnam, Andhra Pradesh (an **ISO 9001:2008** Certified company) engaged and committed in the field of design, erection and commissioning of water treatment systems for safe drinking water application and we have credibility in the industry as safe drinking water treatment experts. We have been supplying various capacities of **RO** based drinking water plants to various government departments for the past few years.

Dt:16.11.2019

To
The Executive Engineer
PR, Division, Bhadrachalam

Sir,

Sub : Construction of Additional Class Rooms in Government Degree College under DMF 18-19 Grant – Requesting Change of Plan from Complete Ground floor to G+1 floors due to lack of place-Req.-Reg.

With reference to the subject cited, I came to know that the sanctioned plan for the construction of additional 10nos classrooms in our college were completely in ground floor occupying lot of space and reducing the play ground and also class room sizes were not sufficient for the present strength for each classroom required to accommodate atleast 150 students approximately.

In this regard I request the Executive Engineer, PR, Bhadrachalam may kindly arrange to increase the size of classrooms to accommodate for 150 students and change the plan to G+1 Floors by constructing 5nos rooms in ground floor and 5nos rooms in 1st floor.

Thanking You,

The Executive Engineer (PR),

Bhadrachalam,

Bhadradri Kothagudem District.

Sir,

We have unused sheds in the college campus. A campus of new building has been sanctioned. The construction is possible only. When these sheds are removed. Hence, I request you to take necessary action to remove the sheds, where we need to construct the new construction.

Thanking you,
