MAKING HOLI -NATURAL COLOURS

AIM :

Holi is the festival of joy. The joy does not disappoint us at any movement. For this every body should use natural colours to protect us from adverse effects.

OBJECTIVES:

To make the people aware of benefits by the usage of natural colours. Natural colours are eco friendly they can splash around as much colours as we want.

MATERIAL USED :

Students collected modhugu flowers to make naturally colours

PROCEDURE.

The students of GDC Bellmpally collected so many modugu flowers from the nearby forest , and boiled the flowers in the water for some time .After getting saffron colour from the flowers separated coloured water into a tin and left them to make cool after that they used for the celebration of Holi.

AWARENESS:

Synthetic colours have the combination of chemical invasion of lead oxide, copper sulphate ,aluminium bromide, and mercury sulphate, are harmful chemicals. Colours made by these chemicals have a negative impact on air, water, soil, biodiversity and the environment as a whole. Natural colours make sure nothing to worry about on holi except getting drenched head to toe in colour. They are easy on our clothes. Chemicals cause irritation of eyes, and scalp it can dry the skin and lead to allergies, and cause hair loss also. To make the people aware of above mentioned adverse effects of synthetic colours our students made the natural colours with moduga flowers

Keeping in view the festival of colours - HOLI – Pamphlets were printed and distributed by our N.S.S Volunteers on 19-03-2019 emphasizing the need of using Natural Colours while celebrating HOLI because the colours normally used are of chemical Nature while seriously affect our Health. USE NATURAL COLOURS for HEALTHY SOCIETY. In our college we prepared moduga flower colours to celebrated holi with natural colours.
