ABOUT THE BOOK

This book focuses on micro finance and the micro enterprises in India which help provide livelihoods generate export earnings and touch upon the lives of the remotest and most marginalized people. It analyses the issues relating to the emerging microfinance services of micro-insurance, micro enterprises and money transfers, ongoing efforts in training and capacity building, opportunities facing commercial financiers such as bankers and social venture capitalists, the remaining need for development financing, and ongoing research in the sector. This work will be great help to the researchers and teachers of Commerce, Management and Social Sciences.
