REPORT ON COMPETITIVE GUIDANCE**

We have a Competitive Guidance Cell which is working with all its efforts to insert the competitive spirit in students. Already at Departmental level our faculty members prepare objective questions from their subject and either dictate or circulate to the students to prepare for competitive exams. Also we arrange quiz programmes on different topics along with current affairs, so that students can attend for competitive exams.

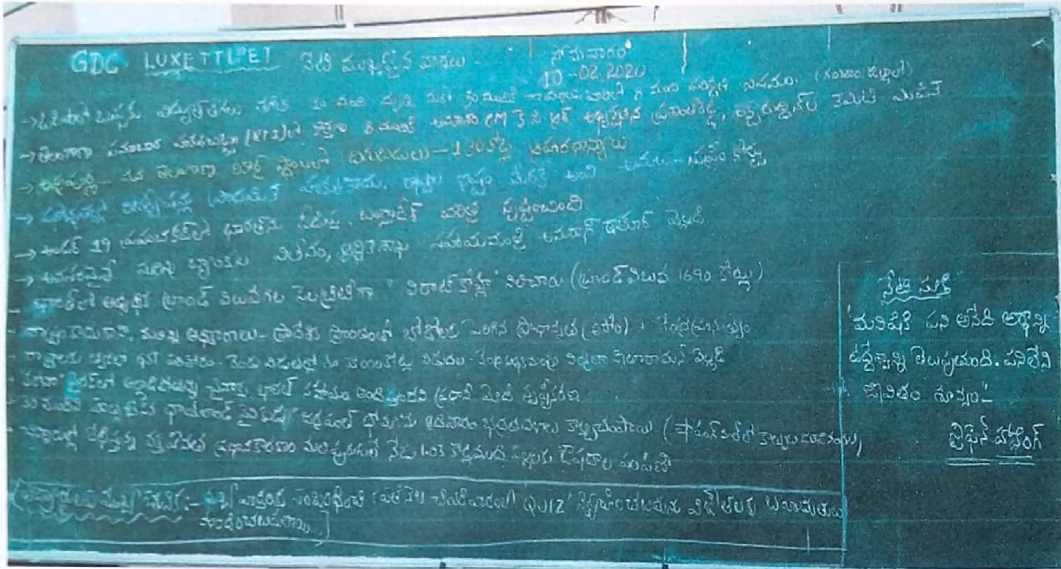

Under the Competitive Guidance Cell, day today current affairs were displayed on the board in the central hall and a register is also maintained at the same time and students were asked to go through them and note them and a quiz was arranged every month.

In 2020 December an online Competitive guidance cell is formed, where material for preparation to competitive exams is circulated among the group.
