

PINGLE GOVT. COLLEGE FOR WOMEN

WADDEPALLY, WARANGAL

TELANGANA SKILLS AND KNOWLEDGE CENTRE

Commissioner of Collegiate Education has started Jawahar Knowledge Centers(JKCs) in Government Degree Colleges in the year 2006-07 to enhance Employability Skills of under graduate students along with the conventional curriculum for BA/BCom/BSc courses. After the formation of new State of Telangana, the programme is being followed with a fresh vigour. These JKC Centers are now being called as Telangana Skills and Knowledge Centers with expanded scope and competencies. The main objective of TSKC is to train the students in Computer Skills, Analytical and Aptitude Skills. The ever increasing prominence of India on the global map has led to a growing demand for hard working and talented students with good communication skills, computer skills and industry related skills. The doors of global job market are opened to students who can speak fluently, compute quickly, write legibly and analyze logically. TSKC equips the students with pre requisite skill set relevant for dynamic job market especially in the emerging industries such as software and BPO in Multinational Companies and enable them to seize the employment opportunities in the global job market as well.
