### **COMMUNAL HARMONY**

**Unity in diversity is what we see in our Nation's motto. This habit of equality is inculcated at the educational institutions, which lay the foundation for a better and united society. In this regard our institution too has its part for spreading communal harmony and building secular society.**

**Our institution gives equal importance to the entire faculty, students and all the members working under it to have their own religious practices. At the same time some of the practices are carried on in our institution also. We celebrate our state festival bathukamma in our institution, where all the students irrespective of caste, creed etc participate enthusiastically. We celebrate New Year day where all the students give their part in the celebrations equally. We also celebrate birthdays of students where the co-students participate and show the concept of unity. We also give the Muslim students the flexibility and time to practice their religious doings during the period of Ramzan and prove oneness among them. We also respect Christians to have their practices freely and are greeted during their festival. Our institution never puts any bar on practicing the religion of their interest and has concern on all religions and gives equal chance to all the students in curricular and extracurricular activities irrespective of their caste, creed etc. In respect to academic affairs, the Government has prescribed some norms where we follow the norms without hurting any students or institutional members self conscious.**
