No. 459 /CDC/KU/2020

October 6, 2020

**CERTIFICATE OF TEMPORARY AFFILIATION**

The Kakatiya University Warangal has extended temporary affiliation to Government Degree College, Wardhannapet, District: Warangal Rural (College Code: 619) for the academic year 2020-2021 to offer the following Under-Graduate courses:

#	Name of the Course with Subject Combination/s	Medium of Instruction	Mode of Course	Intake
1	B.Sc. Life Science any 3 Subjects from (Botany- Zoology- Chemistry-Computer Applications)	English	Regular/ Restructured	60
2	B.A. CBCS any 3 Subjects from (History-Economics-Political Science- Public Administration / Computer Applications/ Geography (MOOCs/ Virtual Classrooms)/Public Administration (MOOCs)/ Sociology (MOOCs/ Virtual Classrooms)/ Psychology (MOOCs/ Virtual Classrooms)/ Mass Communication and Journalism(MOOCs/ Virtual Classrooms))	English	Regular/ Restructured	60
3	B.Sc. Physical Science any 3 Subjects from (Mathematics/ Physics-Chemistry-Computer Science)	English	Regular/ Restructured	60
4	B.Com.(Computer Applications)	English	Restructured	60
5	B.Sc. Life Science any 3 Subjects from (Botany- Zoology- Chemistry- Computer Applications)	Telugu	Regular/ Restructured	60
6	B.A. CBCS any 3 Subjects from (History-Economics-Political Science-Computer Applications)	Telugu	Regular/ Restructured	60

It is to be noted that, though the management of the college should normally obtain affiliation from the university during the respective academic year, as per the rules in force after withdrawing the new un-aided UG courses, but, because of the situation prevailing due to COVID-19, the temporary extension of affiliation is being granted by the University without undertaking any physical inspections of the college, as a special measure only, due to the existing compelling circumstances caused by the prevailing COVID-19 pandemic. Further, the Kakatiya University grants temporary affiliation as the Telangana State Council of Higher Education, Hyderabad has also already given permission to the respective colleges for new un-aided UG courses / additional sections / combinations, since it is not possible at this juncture to undertake physical inspections of the colleges due to the prevalence of the COVID-19 pandemic.

**The above temporary extension of affiliation shall be subject to the following terms and conditions:**

1. The college management should provide adequate and sufficient accommodation as per the university directives for the management and running of the existing and as well as the new courses.

## **About the Department of Computer Science:**

The Department of Computer Science was established in the year of 2018 with the courses at Graduate level, B. Sc with the combination of Mathematics, Physics and Computer Science and B.Com (Computer Applications)

All the Systems in the Lab are installed with MS-Office, C Language, CPP and Java Language along with Oracle to meet the requirements of the courses for both B.Sc and B.Com (Computer Applications).

### **Vision:**

To create the most conducive environment for quality academic for undergraduates in computer science and Applications and prepare the students for a globalised technological society and orient them towards serving the society.

### **Mission:**

To create, share, and apply knowledge in Computer Science, including in interdisciplinary areas that extend the scope of Computer Science and benefit humanity, to educate students to be successful, and effective life-long learners who will contribute positively to the economic wellbeing of our region and nation and who are prepared to tackle complex 21st Century challenges facing the world. To impart quality professional training at the undergraduate level with an emphasis on basic principles of computer science. To impart moral and ethical values, and interpersonal skills to the students. To empower the students with the required skills to solve the complex technological problems of modern society and also provide them with a framework for promoting collaborative and multidisciplinary activities

### **Importance of Computer Science**

As we live in a digital age, most industries rely on data and software programmes. Computer Science & IT impacts everything, from scientific research to health development, transport, banking, communications, you name it. Even objects like microwave ovens, fridges, or door locks are now connected to our Wi-Fi networks and personal assistants. Technology has made the world better, faster, and more connected. But this didn't happen by magic. We arrived here thanks to the brilliant minds of IT graduates, who took their passion for technology and used it to create gadgets and computer programmes which help us every

single day. With a Computer Science degree, you'll learn all the concepts and skills you need to answer these questions and many others. Technology is part of our future, and it is up to people like you to decide how it will impact and shape our world. You don't need to dream of becoming the next Bill Gates or Steve Jobs. After all, Windows is still buggy, and even iPhones are not what they once were. But you can develop the next generation of gadgets or software programmes which will improve the lives of millions of people.

### **Objectives of the Department:**

As Information Technology has become an integral part of education and life style the department focuses on preparing young minds for the globally challenging opportunities in the IT field of digital era.

- Graduates of the Bachelor of Science in Computer Science and Bachelor of Commerce with Computer Applications programs will be actively contributing individually and in teams.
- Demonstrate expertise in problem-solving techniques using the computer.
- Demonstrate ability in at least three high-level programming languages.
- Demonstrate ability in developing and analysis of complex data structures problems.
- Demonstrate knowledge of modern software engineering principles.

### **ROLE OF IQAC**

To develop a system for conscious, consistent and catalytic improvement in the academic, administrative and overall performance of institutions.

**IQAC Should:**

- \*Ensure clarity and focus in institutional functioning towards quality enhancement
- \*Development and application of quality benchmarks
- \*Ensure internalization of the quality culture
- \*Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices.

\*Provide a sound basis for decision making to improve institutional functioning

\*Act as a dynamic system for quality changes in HEIS

\*Build an organised methodology of documentation and internal communication.

### **Strategies**

IQAC shall evolve mechanisms and procedures for

1. Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks.
2. Equitable access to and affordability of academic programmes for various sections of society
3. Relevant and quality academic/research programmes
4. Optimization and integration of modern methods of teaching and learning.
5. The credibility of assessment and evaluation process
6. Ensuring the adequacy, maintenance and proper allocation of support structure and services

### **Yuvathrangam:**

The Department of Collegiate Education is providing an opportunity to the students to show their talents by participating enthusiastically in curricular, co-curricular and extracurricular activities. Further the Department is also keen on promoting all round development of students. In this direction, the Department conducts Yuvatharangam every year, a festival of excellence. The students of our college participated in various Sports, Cultural & Literary events at College Level, Dist. Level and State level competitions and got prizes.

### Jignasa:

Teacher centric learning has been replaced by student centric learning. Research indicates that students are more likely to retain the knowledge gained through project based learning than the traditional textbook-centered learning. To invigorate the learning environment in Government Degree Colleges, the Commissionerate of Collegiate Education has initiated jignasa - Student Study Projects during the academic year, 2016-17. Owing to the positive response from students and teaching faculty, the Commissionerate of Collegiate Education intends to conduct a jignasa - Student Study Projects from the academic year 2017-18. Our

students have been participating in the programme very interestingly and selected for state level competitions.

## Field Trip:

An Educational Tour or A Field Trip is a visit to a place away from their normal place of study. The purpose of this trip is to provide students an experience outside the class rooms or labs. It also provides an opportunity non experimental research and helps bring all the students to a common platform irrespective of their social, economic & cultural background.

While on an educational tour/field trip a student gets to experience first-hand the concepts which help in long term retention of the knowledge. If the class room teaching is followed up by a field trip, it helps in clearing the concepts & results in more effective learning. It also helps in application of ideas, theories & knowledge which ensure competence. Discussing during the trip help the students to find solutions to real life problems and makes them innovative. Field trips helps erase pressure the boredom & monotony of having to attend a lecture. It is fun way of learning & makes it more enjoyable.

While on an educational tour/field trip students have the opportunity to have lively discussion in an informal set up. Experience gathered during a field trip to vineyards, hotels, tourist places, factories, breweries etc. are of immense benefit to students and help make learning fun and long lasting.

Educational Tour/Field Trips also provide an opportunity to students to evolve and be on their own which helps make them independent. Interactions with people outside helps improve communication skills and makes them more accommodating. The educational tour/field trip helps in developing overall personality of students.

### **Student Seminars:**

Seminars are designed for students to talk about topics in the course reading or lectures in detail, so students have to take an active part in the debate. Sometimes the tutor will lead the seminar, or they might choose students to make a presentation. But whether you're presenting or not, you'll still need to do some work before and after the seminar to make the most out of them. Attending a seminar has numerous benefits, including improving communication skills, gaining expert knowledge, networking with others and renewing motivation and confidence.
