26/9/2019 Communicative English Lecture givenby : BRAJENDER Lecturer in English introduction: - The ability to speak and communicate is the only difference between Animals and Human beings. It's due to effective communications skills that human interact with one another as a social being. For a person to progress well in society, only ments are not enough, only qualifications don't work, the person have powerful communication skills so that he can put a cross to others what he wants them to do. Its all fine about Rommynication skills but The question is "How to improve these skills. Firstly There is much literature on the met which you can read and utilize in your life, Secondly, you canget books on the subject and thirdly, you can joien our learn more about it. " communication Still is the act and technique of conversi cations by subing oral and body language to persuade him or boing into him the change that you want him to be."
