Respected Sir,

Subject: Invitation for #StartUp Yatra Event

Greetings from LEAD, Nalgonda Sandbox!

It is a pleasure to invite you to attend the **StartUp Yatra** Event located at Mahatma Gandhi University, Annpearthy, seminar hall, Arts Block on September 19th, 2018 at 9: 30 AM to 5: 00 PM.

Startup Yatra is an attempt to promote entrepreneurship in Tier II and III cities of the state. The Yatra will happen in 12 districts between 15th September and 5th October and will spread awareness about the State innovation Policy and the initiatives taken by the state. During the tour in bootcamps, budding entrepreneurs will get a chance to be mentored by successful entrepreneurs and active players of the startup ecosystem and also can pitch their idea and, if selected, entrepreneurs will get incubated under the acceleration programme and give wings to their entrepreneurial dream.

Through this Yatra, we aim to make entrepreneurship and innovation as a colloquial term in Telangana where everyone knows about it and speaks about it. TSIC takes this opportunity to invite people with ideas to come and join us in the boot camps at Startup India Telangana Yatra.

Thanking you.

Dear Sir,

We are very grateful to **Shri KIRAN RAVELA** from **Mahindra Pride Classroom** a Naandi foundation initiative, a trainer for our college students who are pursuing degree final year & eagerly waiting for best opportunities to crack the best placements in reputed companies.

During one week program which was held from 24-02-2020 to 02-03-2020 we noticed a tremendous transformation in the attitude of our college students. We observed that the confidence levels, the communication, presentation skills, competitive spirit & the competence for facing the challenges are highly enhanced.

Engaging Audience

Engage Your Audience

Consider this scenario:
 "First slide, please." The hall lights dimmed, the audience hushed, and the speaker launched into his paper – the culmination of 15 years of painstaking research. Flitting from point to point, he realized that he was running out of time and read the paper even faster. He didn't have much time to dwell on his complicated slides. By the end of the talk he was going so fast that there wasn't time to reverse the seven slides that were projected backwards. Finally, the speaker closed the talk. The lights came on. Two thirds of the audience had let under the cover of darkness; the other third was asleep.
