## INTRODUCTION :

Telangana Chief Minister K Chandrasekhar Rao on 3 September Tuesday announced his government's plan to roll out a 30-day special action plan, which he hopes, will transform the state's villages. Sanitation, greenery and electricity will be key components of the 30-day plan, which seeks to transform the state's villages. Telangana to roll out ambitious 30-day action plan to transform villages.

He called for developing Telangana's villages as model villages in the country and for implementing the action plan successfully. KCR, as Rao is popularly known, gave instructions to officials at a meeting organized in Hyderabad as part of the preparations for the special action plan, beginning September 6.

## (HISTORICAL BACK GROUND)

### REGARDING 30 days village planning

Telangana Chief Minister K Chandrasekhar Rao on 30th August conducted a cabinet meeting in Pragathi Bhavan where he announced 30 rojula grama pranalika and gave instructions to officials at a meeting organized in Telangana rural development at Hyderabad on 3rd September as part of the preparations for the special action plan, beginning September 6.

## AIMS AND OBJECTIVES

The 30-day action plan consists of programmes such as -

- 1) Cleaning up all the government buildings, like Schools and Anganwadis, offices etc
- 2) Repairing drains, cleaning drainages and remove waste from the drains.
- 3) Removal of the stagnant water.
- 4) Arranging tractors to transport saplings and removal of the garbage.
- 5) Identify land in all the villages to create a dumping yard.
- 6) Select a suitable land for having permanent plant nursery in the village.
- 7) Levy Rs 500 fine on those dumping garbage on roads and public places

Sanitation, greenery and the power week will be key components of the 30-day plan. Under this programme, dilapidated houses, animal sheds and debris will be removed.

Authorities will cover all the unused borewells and fill up the low-lying areas to prevent water stagnation. Cleaning of all schools, government buildings and roads will be taken up. All the wild and unwanted vegetation will be removed.

A fine of Rs 500 will be levied on those dumping garbage on roads and in public places, he said. Plant nurseries will be set up in each of the 12,751 gram panchayats. The village bodies will prepare a green plan to undertake plantation of saplings.

During the 30-day programme, seven days will be exclusively meant for electricity related issues. The authorities will rectify or replace the twisted electricity poles and remove hanging electricity wires. The wooden and iron poles will be replaced with those of cement.

Funds required for the programme will be raised from the state government's budget, the Finance Commission, general taxes of the Gram Panchayat, from National Rural Employment Guarantee Scheme (NREGS), Corporate Social Responsibility (CSR) funds, funds from donors and from works done by the villagers through 'Sramadan'

KCR announced that 100 flying squads with senior officers will be formed all over the state for surprise visits to the gram panchayats after the 30-day programme.

## **GOVERNMENT TAKEN ACTION PLAN FOR 30 DAYS VILLAGE PLANNING.**

Sanitation, greenery and the power week will be key components of the 30-day plan. Under this programme, dilapidated houses, animal sheds and debris will be removed.

Authorities will cover all the unused borewells and fill up the low-lying areas to prevent water stagnation. Cleaning of all schools, government buildings and roads will be taken up. All the wild and unwanted vegetation will be removed.

A fine of Rs 500 will be levied on those dumping garbage on roads and in public places, he said. Plant nurseries will be set up in each of the 12,751 gram panchayats. The village bodies will prepare a green plan to undertake plantation of saplings.

During the 30-day programme, seven days will be exclusively meant for electricity related issues. The authorities will rectify or replace the twisted electricity poles and remove hanging electricity wires. The wooden and iron poles will be replaced with those of cement.

Funds required for the programme will be raised from the state government's budget, the Finance Commission, general taxes of the Gram Panchayat, from National Rural Employment Guarantee Scheme (NREGS), Corporate Social Responsibility (CSR) funds, funds from donors and from works done by the villagers through 'Sramadan'

KCR announced that 100 flying squads with senior officers will be formed all over the state for surprise visits to the gram panchayats after the 30-day programme.

### **FINDINGS OF THE SUVERY:**

1. Increasing in someshwar village people participation at grass root level.
2. Increase political awareness among the people community at Grassroot level
3. Increasing of awareness to greanary,sanitation,electricity problems,importance of Education among the people at rural level.

### **CONCLUSION :**

#### **30 DAYS GRAMA PRANALIKA :**

provide Rural Women with an opportunity of for men involvement in the development and political process at the grass root level there by enabling them to influence the decision making process in the Local Governments.

It has enabled them to emerge as Leader in the society so as to do developmental works at grass root level and also they are the torchbearers of social change at village level so that every man may earn their livelihood and able to participate in the developmental activities in the village very effectively.

## **SUGGESTIONS :**

1. Increase the budget Allocation to Village level in Local Bodies.
2. Strengthening the Self Help Groups at village level so as to administer themselves very effectively.
3. Government should constitute a Committee to increase the Women's participation and increase the reservations at grass root level.
4. emplementtion this programme once in 6 months period and continues process
