Classroom instruction in the present circumstances has undergone a sea change. Teacher assumed the role of a facilitator. Public funded institutions in Telangana are competing with corporate colleges in areas of research and skill development. Students of both conventional and professional courses have adequate ‘hard skills’. Now it’s time for students to enrich themselves with ‘soft skills’. Teachers have to create awareness among the students about the significance of soft skills. The importance of communication, collaboration, body language, social behavior, work ethics and moral values have to be imparted to students on a regular basis.

Employability is a big challenge for students in this tough competitive world. Multinational companies prefer job seekers with excellent soft skills. The Telangana government provides placement opportunities to students through TASK (Telangana Academy for Skill and Knowledge). The Department of Collegiate Education has introduced skill-oriented programmes in all colleges through TSKC (Telangana Skills and Knowledge Centre). As soft skills play a crucial role in career success of students it is mandatory for the students in government colleges to acquire a skill set along with the degree course.

Organizing a ‘Two Day National Seminar’ on ‘Soft Skills’ at GDC, Eturnagaram is commendable. The seminar will be very useful for both students and teachers. On this occasion I congratulate the Department of English for the academic endeavor.

MESSAGE

Conducting seminars and workshops is an essential academic activity related to the 'Continuous Professional Development' of teachers. They provide opportunities for teachers to interact, discuss, and present their innovative ideas on a bigger platform. Inviting academicians, intellectuals and experts for plenary talks, panel discussion, and exchange of ideas on the theme of the seminar is a rare privilege to our institution.

Communication with necessary soft skills is a major problem with students these days. Seminars on soft skills will definitely boost their morale. Students will have the right kind of exposure. They will learn how to improve their speaking skills, listening skills, social skills and employable skills by partaking in the seminar.

Government Degree College, Eturnagaram is conducting a National Seminar for the first time in the history of the institution. Really it is a moment of pride and jubilation. The seminar would not have come true without the support of the Department of Collegiate Education. I owe my sense of gratitude to the RUSA State Project Director & Commissioner of Collegiate Education Sri.Naveen Mittal IAS for accepting our seminar proposal according to permission with financial approval.

I congratulate the Department of English for coming forward with courage and confidence to conduct the Two Day National Seminar on 'Soft Skills'. I wish them good luck with great hope that the Department and the Institution will attain recognition at the national level.

DR.B.RAMULU

Letter to the Commissioner Collegiate Education, Telangana.:

Sir,

Sub: TSCES –Two Day National Seminar on “Acquiring Soft Skills for Conventional and Professional Courses” – Submitting Revised Schedule for approval and permission –Reg.

Ref: Proceedings of CCE in File No.RUSA-GER/1/2019-O/o AO-RUSA Dated: 02/01/2020

Pursuant to the subject cited I extend my thankfulness to your esteemed self for according permission with financial approval to the Two Day National Seminar on ‘Acquiring Soft Skills for Conventional and Professional Courses’ to be conducted on 21st & 22nd of February 2020. But I wish to submit that in view of ‘Mahasivaratri’ on 21st it may be inconvenient for the participants and organizers to make the program purposeful. As such we would like to conduct the Two Day National Seminar the following week i.e., on 28th & 29th, February 2020.

I request you to consider the revised schedule and accord permission enabling the institution for making necessary arrangements in this regard.

Yours faithfully,

B. Ramulu

DEPARTMENT OF COMPUTER SCIENCE & APPLICATIONS

A brief report on workshop on Copy right on Digital Era

Date:: 09.11.2016

The department of Computer Science & Applications has organized a workshop for the students to get awareness on Copy rights on digital era on 09.11.2016

About 110 students from B.Com(CA) & B.Sc(MPCs) have attended the workshop . This is great opportunity to the students specially agency who are not aware of the copyrights, most of the students have actively participated in the workshop and gained the knowledge and awareness about copy rights in this digital era.

Mr.T.Praveen and A.Vijay faculty of C.S have played a wonderful role in imparting the contents into the brains of the students.

Principal, /Chairman

DEPARTMENT OF COMPUTER SCIENCE & APPLICATIONS

Seminar on Intellectual Property Rights & Computer Software

Date:: 21/01/2018

To inculcate awareness among the students about Intellectual Property Rights and Computer Software, the Department of Computer Science & Applications has organized a Seminar on 21.01.2018

About 104 students (from Computer Science background) participated in this seminar. Dr.D.Suresh Babu., Asst.Prof of Computer Science, has given Seminar Key note address to the participants and he cleared all the doubts and queries of the students in respect of Intellectual rights.

Later, Mr.A.Vijay has given his talk on Property Rights & Computer Software and explained all the Copy rights related problems and pros & cons of usage of softwares.

Some of the faculty members of the college are also participated in this seminar.

Principal, GDC. Eturnagaram
Chairman

List of students attended the Seminar

S.No	H.T.No	Name of the Student	Father Name	Group & Year
1	389184101	ASRA	MD GHOUSDDIN	B.Sc(MPCs)-I Year

WORKSHOP ON HARDWARE DEVICES AND COPYRIGHTS

A ONE DAY WORKSHOP

GOVERNMENT DEGREE COLLEGE, ETURNAGRAM

25.02.2021

Organized by-

Department of Computer Science and Applications

Modern computer systems are complex assemblies of systems and subsystems which operate under software control. The trend toward integrating hardware and software functions presents special challenges to those protecting the intellectual property in such systems. Creative applications of computer technology to networks in which different computers perform portions of a task or produce numeric results further complicate the intellectual property practitioner's task. Intellectual property protection of computer hardware and software generally takes two forms – patents and copyrights. The scope of the protection offered by each form of protection has evolved along with technology. Neither patents nor copyrights protect abstract ideas.

Aims and Objectives

- Indicate the names and functions of hardware ports and the parts of the motherboard.
- Identify the names and distinguishing features of different kinds of input and output devices.
- Describe how the CPU processes data and instructions and controls the operation of all other devices.
- Identify the names, distinguishing features, and units for measuring different kinds of memory and storage devices.
- Search your personal computer for the various hardware components it contains.

ONE DAY WORKSHOP ON Hard devices and Copy rights
