GREEN POLICY

A green environment is a safe environment where biodiversity can be maintained which is helpful for ecological balance . Maintaining ecological Balance is the foremost thing which should be given top priority among all the works as it leads to a healthy progressive life.

In this regard our Government Degree College has many initiatives and future plans for maintaining biodiversity and spreading green environment.

Policy Initiatives and plans in this regard are put forth.

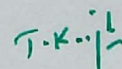

1. FORMATION OF COMMITTEES

Framing of Committees under HarithaHaaram programmes which should include Coordinator and members. Framing action plans and implementation of the same should be done under the Committee every year and the same should be submitted to the Commissioner of Collegiate education.

Not only planting the trees , but also maintaining the same and action plans for introduction of new varieties of plants and also innovative methods of maintenance are formulated.

2. PLANTATION DRIVES (Haritha Haaram Programmes)

Conducting Plantation Programmes involving Principal, students and staff (both teaching and non teaching) in plantation programmes to increase the green cover of the campus where ecological balance can be maintained.

Principal

Luxettipet- 504 215, Dist: Mancherial.

Conducting Plantation programmes during the birthdays of great personalities, faculty members and commemorative events.

Now and then Plantation programmes under NSS are carried out.

3. AWARENESS PROGRAMMES

Conducting Awareness programmes by arranging Seminars, conduction of rallies in the locality with slogans to improve green cover should be carried out. Students should be imparted knowledge on the importance of planting trees and consequences of reduction of plant cover on the earth with live examples should be given.

4. CONDUCTION OF GREEN AUDITS

Conduction of green Audits by environmental officials to know the extent of maintenance of ecological balance in the campus.
