**GOVERNMENT DEGREE COLLEGE
LUXETTIPET
ESTABLISHMENT OF IQAC**

Maintaining the momentum of quality consciousness is crucial in Colleges. Internal Quality Assurance Cell, in fact, is conceived as a mechanism to build and ensure a quality culture at the institutional level. Every College should have an internal quality assurance system, with appropriate structure and processes, and with enough flexibility to meet the diverse needs of the stakeholders. The internal quality assurance mechanism of the institution may be called "Internal Quality Assurance Cell (IQAC)". The IQAC is meant for planning, guiding and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the colleges.

The IQAC may channelize and systematize the efforts and measures of an institution towards academic excellence. It should not be yet another hierarchical structure or record-keeping exercise in the institution; it would be a facilitative and participative organ of the institution. The IQAC should become a driving force for ushering in quality by working out intervention strategies to remove deficiencies and enhance quality.

GOALS OF IQAC

To develop a quality system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the College.

To promote measures for institutional functioning towards quality enhancement through internationalization of quality culture and institutionalization of best practices.

Principal
Govt. Degree College

- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- Documentation of the various programmes/activities of the College, leading to quality improvement;
- Acting as a nodal agency of the college for coordinating quality-related activities, including adoption and dissemination of good practices
- Development and maintenance of institutional database through MIS for the purpose of maintaining / enhancing the institutional quality;

BENEFITS OF IQAC

Respected Sir,

Sub: Submission of feedback on curriculum for discussion and action in departmental meeting - Physics UG Syllabus - Govt. Degree College, Luxettipet - Reg.

Ref: Feedback on curriculum by stakeholders during academic year 2019 -20.

In persuasion with the subject and reference cited, I wish to submit for your kind action that the institute invites feedback on curriculum from the stakeholders each year for proper relevance to the current needs and beneficial for progression to higher studies. In this regard the following suggestions/feedback was given by the stakeholders for physics subject:

1. The revised first semester syllabus w.e.f 2019-20 has experiments on determination of Young's modulus Y by uniform and non-uniform bending methods. These experiments are related to theory chapter "Mechanics of Continuous Media" which was removed from syllabus w.e.f. 2019-20. It was suggested to remove these experiments from practical syllabus list and add experiments related to theory syllabus.
2. It was suggested to introduce the basics of Operational Amplifiers with inverting and non-inverting configuration in electronics part to support the students preparing for JAM to pursue M.Sc Physics in premier institutes.

Hence, I request you to discuss the suggestions listed above in your departmental meetings with regard to curriculum for which our institution shall be ever grateful to you.
