Department of commerce

Advertising: Advertising is a means of communication with the users of any product or service. Rather, advertisements are also the messages paid for by those who send them and are intended to inform or influence people who receive them.

Sales Promotion: And if we talk about the word promotion that derives from the Latin word 'Promoter' means "to move forward" or to push forward. Basically, sales and promotion are two different words and sales promotion is the combination of these two words.
