Effective Thinking Through Mathematics

Syllabus

The whole course presents strategies of effective thinking that can make you more creative and more insightful. These overarching lessons are conveyed through fascinating mathematical themes.

Week 1 - An Introduction and Puzzles : This week provides an introduction to the course and the five elements of effective thinking. Then, students solve several puzzles using the five elements.

Weeks 2-3 - Number Contemplation : Students begin to explore the concept of number from basic to its infinite variety, and see how those insights flow from strategies of effective thinking.

Weeks 3-4 - Geometric Insights : Our visual world leads to beautiful insights, concrete and abstract, also illustrating methods of thinking that are applicable to your own life.

Out Come of the Certificate Course

Effective Thinking Through Mathematics

Department of Mathematics conducted a 15 days Certificate course for I B.Sc Mathematics students From 4/12/2019 to 22/12/2019. In this course Resource persons explained about various fundamental concepts of Mathematics. Students learned so many new things such as solving Puzzles, Number contemplation and Geometric insights. They enjoyed through out this course. Students gathered puzzles and some geometric problems from various sources such as Textbooks , Internet and they solved those problems with the help of Resource persons and peer group discussions.

At the end of the course based on the attendance and oral examination all students awarded with certificates. All students understood the importance of basics in Mathematics and they feel that this course will help them to complete their UG course in mathematics effectively.

SUMMARY REPORT ON CERTIFICATE COURSE

The Department of chemistry has conducted the certificate course in PREPARATION OF LAB REAGENTS for 30 days duration from 16/08/2019 to 30/09/2019. Students from Physical science & Life science groups have enrol and attended to the classes regularly. After completion of the course to assess the student knowledge, we have conducted a practical exam of how to handle instrumentation and how to prepare lab reagents like Tollen's reagent, Schiff's reagent , etc.

Students have secured a good mark in practical exam. All participants have been given certificate at the end of the course duration. This certificate course helps the student to enrich and enhance their knowledge in chemistry practical
