STUDENTS CENTRIC METHODS

PROBLEM SOLVING METHODOLOGY:

Visiting the markets, industries etc. are part of problem-solving methods of the teaching. It helped our students a lot to improve their communication skills, self-assessment and self-evaluation. The guiding principle behind all these methods of teaching was to make our students link the theory to practicality and application. All social science departments surveys which help students understand societal pressures and find solutions. The CCE and college support such student centric learning initiatives. The CCE has established Academic Audit to verify the successful implementation of these collaborative activities.

Different problem solving methodologies are adopted in dealing with certain research problems as per subjects. Literature review and materials and methods, analysis of the results obtained were taken up by students in different student study projects.
