# SESSION: 2020-21

## NEED FOR THE STUDENT SATISFACTION SURVEY

No matters that how highly an institution is graded, it is not greater than its students because students are the factors that make the institution come alive. Student satisfaction refers to the attraction, pride, or positive feelings that students develop towards a particular program or institution. Student satisfaction surveys helps to measure the effectiveness of classroom teaching and the student feedback provide a roadmap to gauge different alternative methods to make education more effective. Student satisfaction tries to identify and implement the multi-faceted areas of development. Pingle Government College for Women, Waddepally, Hanamkonda of Telangana State is no exception to conduct student satisfaction surveys. The practice of analyzing student feedback on different aspects of the institution is being done annually.
