## **FIELD TRIP REPORT ON ENVIRONMENTAL STUDIES**

MKR Government Degree College, Devarakonda conducted field trip as part of curriculum on Environmental studies on 15/03/2021 with all first year students along with Department of life sciences and other faculty members visited to jethanda village and observed their environmental problems.

### **Purpose of the study**

The aim of this study is to examine students' field trip as a way of thinking and identifying various aspects and features that are relevant in environmental studies so as to obtain answers that address environmental problems. The aim can be achieved by the following objectives;

- i. To identify the attributes of a good or clean environment and the various forms of interaction between different components/settlements.
- ii. To identify the most common physical environmental problems such as; drainage system, waste management system, road network etc.
- iii. To determine the causes of the existing environmental conditions such as; flooding, slum developments, waste disposal etc.
- iv. To determine how satisfied the residents in these environment or areas visited. This is carried out through the issuance of well structured questionnaire and interviews.

### **Statement of the problems**

Most undergraduate students in the nations higher institutions of learning over the years of their studentship do not have a practical knowledge of their physical environment and therefore have little or no idea about the practical requirements in their various fields of environmental studies. This lacuna or deficiency has greatly contributed to the difficulties encountered by students during their first year project work.

**MKR GOVERNMENT DEGREE COLLEGE, DEVARAKONDA**

Date & Time: 15/03/2021  
 Name of the Activity: Field Trip on Environmental studies  
 Title: Field Trip  
 Conducted by: Department of Life Sciences  
 Name of the Organisers: Dr. CH. Ramaraju  
 Venue of the Program: Jethandla  
 SIGNATURE OF THE PRINCIPAL: *Ch. Ramaraju*
