FIELD TRIP: BOTANY DEPARTMENT

Educational Trip to Devarakonda Fort on
14.08.2019

As a part of B.Sc. Curriculum, one day trip was organized by to Devarakonda Fort by Department of Botany, MKR Govt. Degree College, Devarakonda. The major objective was to familiarise the students with the flora and ecology of the region. Also to acquaint them with the importance of hills and mountains and the threats these ecosystems face due to natural and anthropogenic pressures.

A group of 32 students were accompanied by Dr. Ch. Rama Raju, Asst. Professor of Botany.

As a part of their curriculum, students collected plants for herbarium preparation. Students were familiarized with the habitat of xerophytes and Hydrophytes and their morphological adaptations. The trip successfully inculcated in students the practicality of different theoretical concepts of Botany. The effects of wind and water erosion leading to land degradation was also shown to student.

Earlier, Dr. Rahat Khanam, Principal, MKR GDL, Devarakonda and Municipal Commissioner applauded the students who for selection of Historical and Archeological importance site for field visit.

Dr. Rahat Khanam, Principal and Municipal Commissioner along with students were present in front of entrance

FIELD TRIP - HERBARIUM COLLECTION

25-09-2019

Dr. Ch. Rama Raju, Asst. Professor of Botany and B.Sc. B-2c. III semester students at Jal Thanda of Mudigonda Village.

On 25.09-2019, 18 students of B.Sc. B-2c. with Dr. Ch. Rama Raju, Asst. Professor of Botany went for a trip to Jal Thanda, Mudigonda Gram Panchayat with an aim to collect Herbarium specimens and collection of information pertaining to "Jignana" programme.

The students observed different plants growing in their natural habitats which included a mesmerizing view of the Cactus ^{plants} ~~garden~~, angiosperms of food and medicinal importance.

Students of B.Sc. B.Zc. III sem taken photo-graph on the way to Mudegonda - a field trip. Cactus plants are found behind them.

The students learned about the methods of irrigation and drainage system in the fields. Students were familiarised with the xerophytic adaptation of plant species like Aloe vera, Euphorbia sp, Acacia sp, Zygiphus sp, Cereus quadrangulatus, Opuntia and cactus sps.

Students also got information by talking to villagers about the uncultivated and wild variety of food yielding plants especially greens.

The trip successfully inculcated in students the practicality of different theoretical concepts of Botany.
