Student's Feedback on Teacher

Action taken report on Feedback analysis.

Academic Year – 2020-21

Feedback collected from the students studying in the college, randomly on each Teacher, every year and analyzed the parameters. A council with Teachers, IQAC Co-coordinator, Alumni members, and parents formed meetings under the chairmanship of Principal and opened discussions, suggestions and contributions for effective implementation of all the aspects in the Institution. An action taken report was prepared to implement the ideas, plans and activities for sustainable development of student's career and higher education.

It is unanimously Resolved that:

1. Effective implementation and completion of syllabus and give more priority to Experiential learning
2. Seminars, workshops have to be conducted in the college by inviting experts.
3. Meditation and Yoga classes have to be part in the regular time table
4. Games and sports have to be conducted to the students.
5. Gymnasium has to be opened always to increase the physical health of the students.
6. Regular updating of subject knowledge to the teacher by encouraging them to do many advanced courses, FDPs and training programs continuously. Increase more number of collaborations with companies, Industries.
7. Implementation of Collaboration with Government and non-governmental agencies for Entrepreneurial development.
8. Effective implementation of the student- teacher mentoring system.
9. Increase many number of Student seminars and workshops to be conducted in the college.
10. Increase more number of fields, laboratory experience to facilitate student centered education and to build self learning capabilities in learners/students.
11. Those teachers who got fewer score in the feedback of the students were encouraged to enhance their effort to develop abilities.
