

6.5.2

The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities (For first cycle - Incremental improvements made for the preceding five years with regard to quality For second and subsequent cycles - Incremental improvements made for the preceding five years with regard to quality and post accreditation quality initiatives

The IQAC of Government Degree College, Eturnagaram has taken up several quality enhancing measure and reforms in teaching learning process. Some important are described below.

ICT based teaching and Learning:

All most all the class rooms are equipped with digital and ICT supportive equipment such as digital boards, smart boards, Screens and projectors etc. Continuous efforts were made in this regard to ensure effective learning. There is one virtual classroom catering to the needs of the students. There are 147 computers in the college, out of which 137 computers are accessible to the students. College campus is Wi-Fi enabled so that both students and teachers. All the teachers are conducted online classes through Zoom meetings, Google meet, & Classroom.

Mentor-Mentee System:

All the students are distributed among the teachers and the teachers act as mentors for them. The mentors monitor the students overall development and counsel them when ever required. The mentors also address the grievance of the students, if any.

One Day Work Shop on Soft Skills for Contract and Guest Lecturers working Government Degree Colleges of the State of Telangana

The IQAC also taken up the responsibility of developing the Soft Skills among the Contract and Guest lecturers mostly newly entered in to the service so that the entire Government Degree College fraternity gets benefited out of it.

ICT based teaching and Learning

All most all the class rooms are equipped with digital and ICT supportive equipment such as digital boards, smart boards, Screens and projectors.
