

GOVERNMENT DEGREE COLLEGE, MEDAK

1.3 Curriculum Enrichment

1.3.1. Institution integrates cutting issues relevant to Gender, Environment and sustainability. Human values and professional ethics into the curriculum

Response:

Government Degree College, Medak is well prepared to address any gender sensitive issue within the campus programmes related to gender basis to sensitize the young boys and girls to create a positive approach and respect to the girl's right. The (WEC) of Faculty guide the students to become gender sensitized individuals which is essential for the inclusive and holistic development not only of the institution but also the nation.

Women Empowerment Cell (WEC) of the college organizes various activities such as Legal Awareness Campaign to create and enhance the sense of self confidence among girl students. It is ensured that even the boy students take part in the programme as they are the one who have to know how to empower their counterpart students take with education and social respect.

HUMAN VALUES:

As a part of extension activity the staffs and students from all the departments conduct various events to retreat human values among the students. These activities help to enhance the principles and ideas, which boosts and guide them in making the judgement of what is more important.

The following are the few events:

1. Personality Development Programme
2. Community Services.
3. Donation for people during natural Calamities.
4. Supporting and satisfying the needs of orphanage children.
5. Visiting the home for aged and the students are encouraged to assist the needy persons.

ENVIRONMENT AND SUSTAINABILITY:

It is a part of the foundation course Environmental Studies pursued in the first year. The students understand the importance to be given for keeping the globe green and hospitable.

GENDER EQUALITY:

Gender related issue are being addressed in the selection of topics for various courses in languages and in history modules Gender Sensitization is carried out in co-curricular activities like Debates, Elocutions, Poster Presentation etc. Women Empowerment Cell take up gender related problems and counseling activities.

IT SKILLS:

The most penetrating cross cutting issue of the time is being tackled in a multi-tasked way. A foundation course spanning for two semesters will provide basics to all students. They are encouraged to integrate ICT with conventional learning through assignments, Projects, Seminars, etc. Teachers use as much as in Pedagogy while virtual classrooms take care of the most modern methods.

Digitalization of library and availability of computer labs to students facilitate integration of curricular practices.

RTL AND RIGHTS:

Relevance of rights is discussed while teaching in the classroom. Consumer rights and protection forms a part of Business Law course of Commerce programme. Intellectual property rights is introduced as a module for all programmes in IV Semester.

Community Orientation:

NSS Team creates awareness on various issue among the people of the adopted villages. The institution conducts programmes such as social awareness, welfare services, blood donation camps, computer awareness programmes for the public especially in rural areas; volunteer services to schools and villages and also organizes rally towards creating awareness on cleanliness.
