Memorandum of Understanding to promote Gender Equality

Date: 01/09/2019

Between Gramya Resource Centre for Women and MKR Government Degree College,
Devarakonda, Nalgonda District.

The Constitution of India guarantees equal rights to all citizens. However, all of us are aware of the many inequalities in the country. The stark figure of child sex ratio put out by the Niti Aayog highlights the continues decline in the status of women in our society. Class and caste inequalities are underpinned by the fundamental inequality between women and men. According to established research data while women work 17 hours a day in the country men work between 8 to 10 hours. The Sexual Division of Labour where women are not only productive workers but also nurture the house hold and children; results in their being treated as second class citizens.

The power inequality with in the family and society where men are seen as head of the households, results in potential for violence. The secondary status of women in society also leads men to be violent orally and physically in public places. Fear and insecurity caused by this situation prevents girls and young women from pursuing higher education and careers.

Actions we can take:

MKR government Degree college through its Women Empowerment Cell and internal compliance cell have been engaging with its students to bring in values of equality and citizenship rights. The college is promoting core values to respect human rights of all citizens, reduce discrimination and enhance inclusive behaviour. In a time of Climate change it is also promoting students to respect and nurture the environment.

Gramya is proposing to engage intensively with students from MKR college. The modalities of this engagement are mentioned below:

1. Gramya will run awareness programmes to promote Gender Equality regularly in the college. This will involve the young men and woman.
