

GOVERNMENT DEGREE COLLEGE MAHABUBABAD

DEPARTMENT OF BOTANY

ECO- CLUB

LIST OF SUGGESTED ACTIVITIES FOR ECO- CLUB

(ON ENVIRONMENTAL AWARENESS AND IMPROVEMENT OF ENVIRONMENT)

- At the College, we plan to hold lectures, debates, and public discussions on environmental issues.
- Anti-discrimination campaign against prohibited carry bags, loud speakers, prohibited fireworks, recycling of glass and metals, water body filling in the nearby area, usage of unneeded horns.
- Visits to ecologically significant locations, such as polluted and degraded sites and animal parks, are included in the programme.
- In order to raise environmental awareness, hold rallies, marches, human chains, and street theatre in public locations.
- Activities like tree planting and clean-up drives, both on and off campus, are encouraged.
- Reduce waste by, for example, digging vermin composting trenches, erecting water collection structures, and recycling paper.
- Prepare inventories of polluting sources and forward it to enforcement agencies.
- Public spaces like as parks and gardens, both on and off campus, are maintained.

- Environmentally unsound behaviors such as rubbish disposal in illegal locations, the improper handling of hospital wastes, and so on should be taken to task.
- Place campaign posters and flowers in a designated section of the road to raise awareness.
- Any other innovative programme on environmental issues.
