## Threading

Eyebrow threading is a popular alternative to waxing or plucking. It's used to remove stray hairs and add shape to the eyebrows. They are wrapped around the unwanted hairs, removing them in a swift and clean movement.

## Hair Cutting

Hair cutting is the best trick for the growth of healthy and shiny hair.

Hair cut maintains style and shape which increases the beauty of the face.

## Applying Henna

For grey coverage and making our hair glow henna is applied. We have Artificial and Herbal ways to get our hair colored. Both methods were taught to the students.

## Mehandi Designing

Mehandi represents the bond of matrimony. It signifies the love and affection between couples and their families. To promote our Indian culture we have taught our students Mehendi designs both Indian and Arabic styles.

## Facials

It helps your skin stay in good condition. We can prevent acne treat wrinkles and help looking skin at it best. Facials can help clear clogged pores, quench parched skin and remove dead cells. Facials involve some massage which aids in blood circulation and lymphatic drainage. The facial massage also helps to relax facial muscles which can slow the onset of wrinkles on the face.

## Bridal Make-up

The Make-up industry is one that will continue to grow and so will the demand for professionals who specialize in make-up. Students were taught base and means to beautify their eyes, nose, cheeks, lips through make-up applying eye shadows, mascara, applying blushing to the cheeks and lip stick to the lips and applying foundation cream, consoler etc.

## Manicure

Proper blood circulation is important for good health and flexibility of the bones and joints. A manicure involves cuticle treatment, hand and foot massage, and moisturizing. These treatments improve blood flow to the hands. They also relieve any aches or pains, nourish and hydrate the skin.

## Pedicure

Proper blood circulation is important for good health and flexibility of the bones and joints. A manicure involves cuticle treatment, foot massage, and moisturizing. These treatments improve blood flow to the legs. They also relieve any pains, nourish and hydrate the skin.
