

7.3. Institutional Distinctiveness

Government Degree College is the only higher educational institution in the Government sector in the town of Zaheerabad . The spacious classrooms, seminar halls, open dais, greenery in the middle of the building, playground, botanical garden add more color to the college environment. The college is provided with library containing sufficient number of books for students and reference books for staff.

It is the vision of the college to educate the girl students especially from minority community as the town, surrounding villages and even the college has more than half of its population and strength from such community.

The college arranges frequent "HEALTH CHECK UP CAMPS" for its staff and students where the general health condition of the students is monitored and two or three special camps a year ,Blood donation camp and Dental checkup camps are arranged too, depending on the need and priority.

The college is very modern in its outlook. It has all the infrastructural facilities to make it modern like seminar halls, projector, screens and boards, audio visual classrooms, computer lab, English Language lab, TSKC lab with ample number of systems, provision of internet and Wi-Fi connectivity in the entire college campus including library and the laboratories. The library also has power back up in order to provide uninterrupted power supply to the staff and students of the college.
