

## **Institutional Perspective Plan for the next five years (2016-17 to 2020-21)**

**“By failing to prepare, you are preparing to fail.”**

**– Benjamin Franklin**

Planning is essential both personally and professionally. It is crucial to achieve our goals, and allows for more efficient use of time and other resources. Planning is to study and analyze the objectives, so that we achieve them successfully.

The institution has a well defined vision and vision. It envisions a system dedicated to promoting its goals by proper execution. The principal along with the IQAC prepares the strategic plan for a five year term, which is in tune with the vision of the college. The main objective of this planning is to make sure that we foresee the difficulties and bottlenecks involved in the objectives and overcoming them before hand.
