

# **GOVERNMENT DEGREE COLLEGE FOR WOMEN SANGAREDDY**

## **Safety and Security measures for women**

The Institution is keen in providing facilities for safety & security of the girl students. The office room is situated near the main entrance of the campus. The staff are very vigilant and every individual who enters the campus is closely monitored. CCTV cameras are installed to cover the entire campus and corridors. In addition to that the principal and senior teachers go round the campus to supervise classes. Every year **SHE TEAMS** visit the college and motivate the students regarding their safety and security. Posters related to the women safety and rights are displayed in the corridors Library and other loitering areas. The college is facilitated with a hostel for the students from far off places. A night watchman is appointed by the district authorities for the security of the girl students. A High mast light is arranged in the campus for proper illumination. An awareness program & Legal guidance was given by the invited speaker, junior civil judge Smt Bhavani on the eve of Girl Child Day- 2019.

A Grievance redressal cell and women empowerment cell actively counsels the students in the issues like Eve teasing, Sexual abuse, Empowerment, Self -reliance and motivates them to realize their dreams. All the mentors of the college arrange counseling sessions for the students to understand their strengths and overcome their shortcomings.

A Common Room is allotted for the students to take rest and have lunch. There are separate toilets for staff and students that are neatly maintained. An RO plant is installed in the campus with the financial assistance of the District Collector for providing the safe drinking water facility for the students.
